DIAMONDS-IN-THE-ROUGH

SCHUYLER BUSINESS ASSOCIATION

The “Diamonds in the Rough” Schuyler Business Association is a joint effort of the Business Community of the Town and the Schuyler Town Government. The Association’s namesake, “Diamonds in the Rough,” originated from the unmistakable diamond shape of the Town’s map, together with the Town’s rural ambiance.

Spearheaded by Planning Board member Victor Costanza, the organization was formed in 2005 for the purpose of providing Town business owners an opportunity to work closely with Town officials on issues of interest and concern to the business community. Town Officials also want to learn how Town government can assist in strengthening the business environment of our community.

Meetings are held at the Schuyler Town Office, and meeting dates are posted in the Schuyler Town Newsletter. Town officials, eagerly welcome the business community’s input to important issues involving the Town’s business climate.
