

“PULLING FOR DARRY” BENEFIT — APRIL 14th • 2:00 — 6:00 PM • SCHUYLER VFW POST (WOOD LANE)

Lifelong farmer and Schuyler resident ***Darry Dodge*** was recently diagnosed with Anaplastic Thyroid Cancer, a very rare and aggressive type of thyroid cancer that requires extensive and very costly treatments.

Darry underwent surgery at Strong Memorial Hospital in Rochester, NY, and it will now be necessary for him to receive six to eight weeks of extensive cancer treatments at Sloan-Kettering Cancer Treatment Center in NYC — many of which will not be covered by the family's health insurance plan. Additionally, resultant travel and lodging expenses during his treatment at Sloan will place a significant financial burden on Darry and his wife, Marianne.

Tickets to the benefit are \$20/ea. & \$35/couple. For more info, call (315) 534-6498.

A “Go Fund Me” campaign is also available on Facebook at:

<https://www.gofundme.com/cancer-treatment-for-darry-dodge/donate>

Darry has always put others before himself, always willing to help others in need — and now he needs our help. Any contribution — big or small — adds up, and is greatly appreciated by not just him, but his family as well. Even if you can't donate, please send some positive vibes and keep them in your thoughts.
